ENLISTING COMPLETE

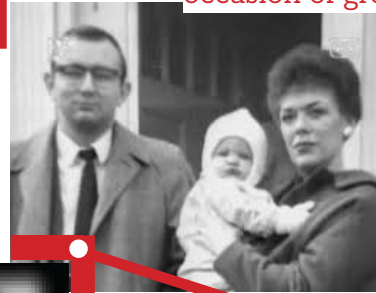

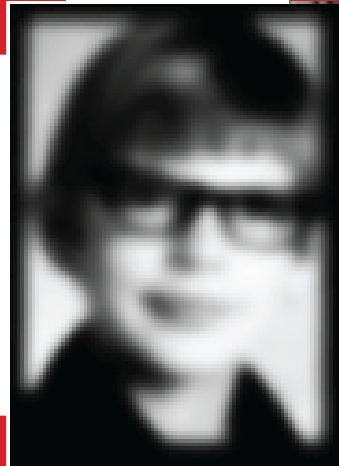

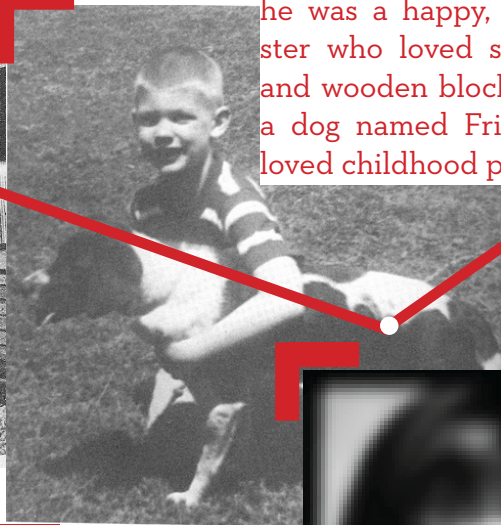

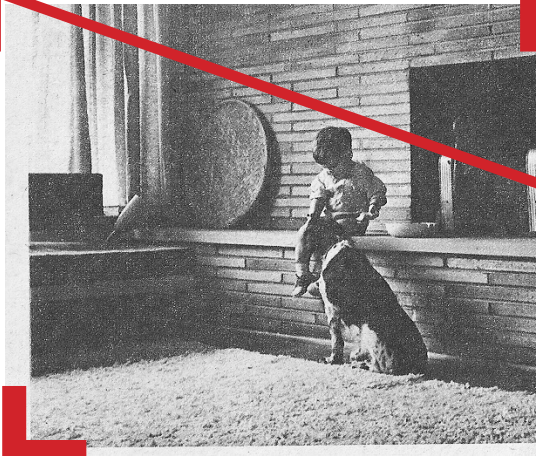

He was a normal, healthy child whose birth was the occasion of great joy.

Born on May 21, 1960 in West Allis, Wisconsin, the first son of Joyce Annette and Lionel Herbert Dahmer.

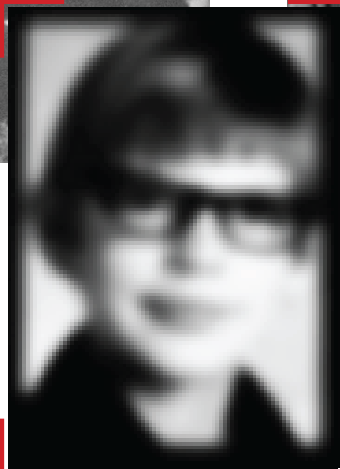

he was a happy, bubbly youngster who loved stuffed bunnies and wooden blocks. He also had a dog named Frisky, his much-loved childhood pet.

He was a normal, healthy child whose birth was the occasion of great joy.

Born on May 21, 1960 in West Allis, Wisconsin, the first son of Joyce Annette and Lionel Herbert Dahmer.

Despite a greater number than usual of ear and throat infections, he developed into a happy little boy.

He was a normal, healthy child whose birth was the occasion of great joy.

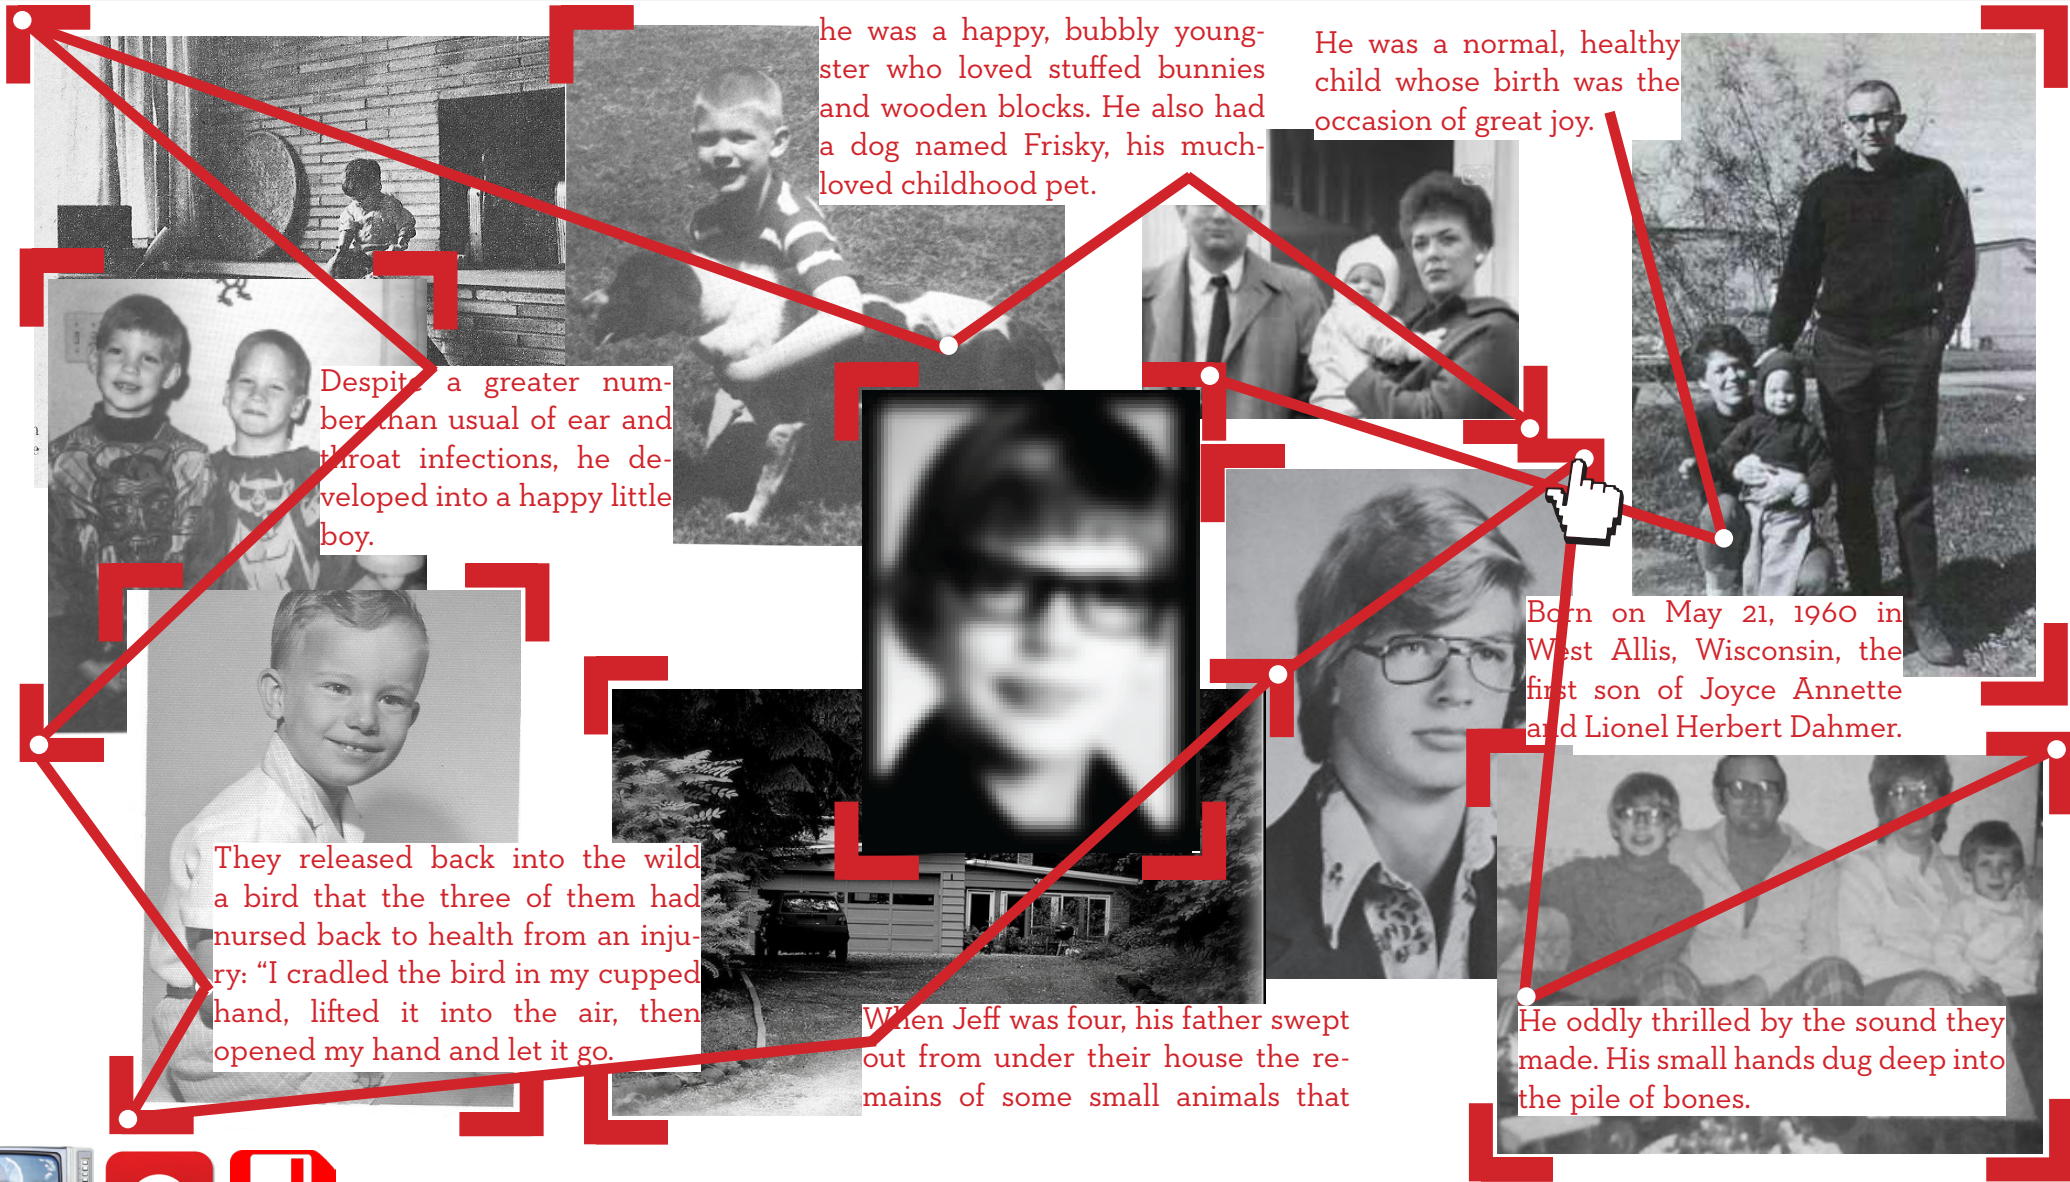

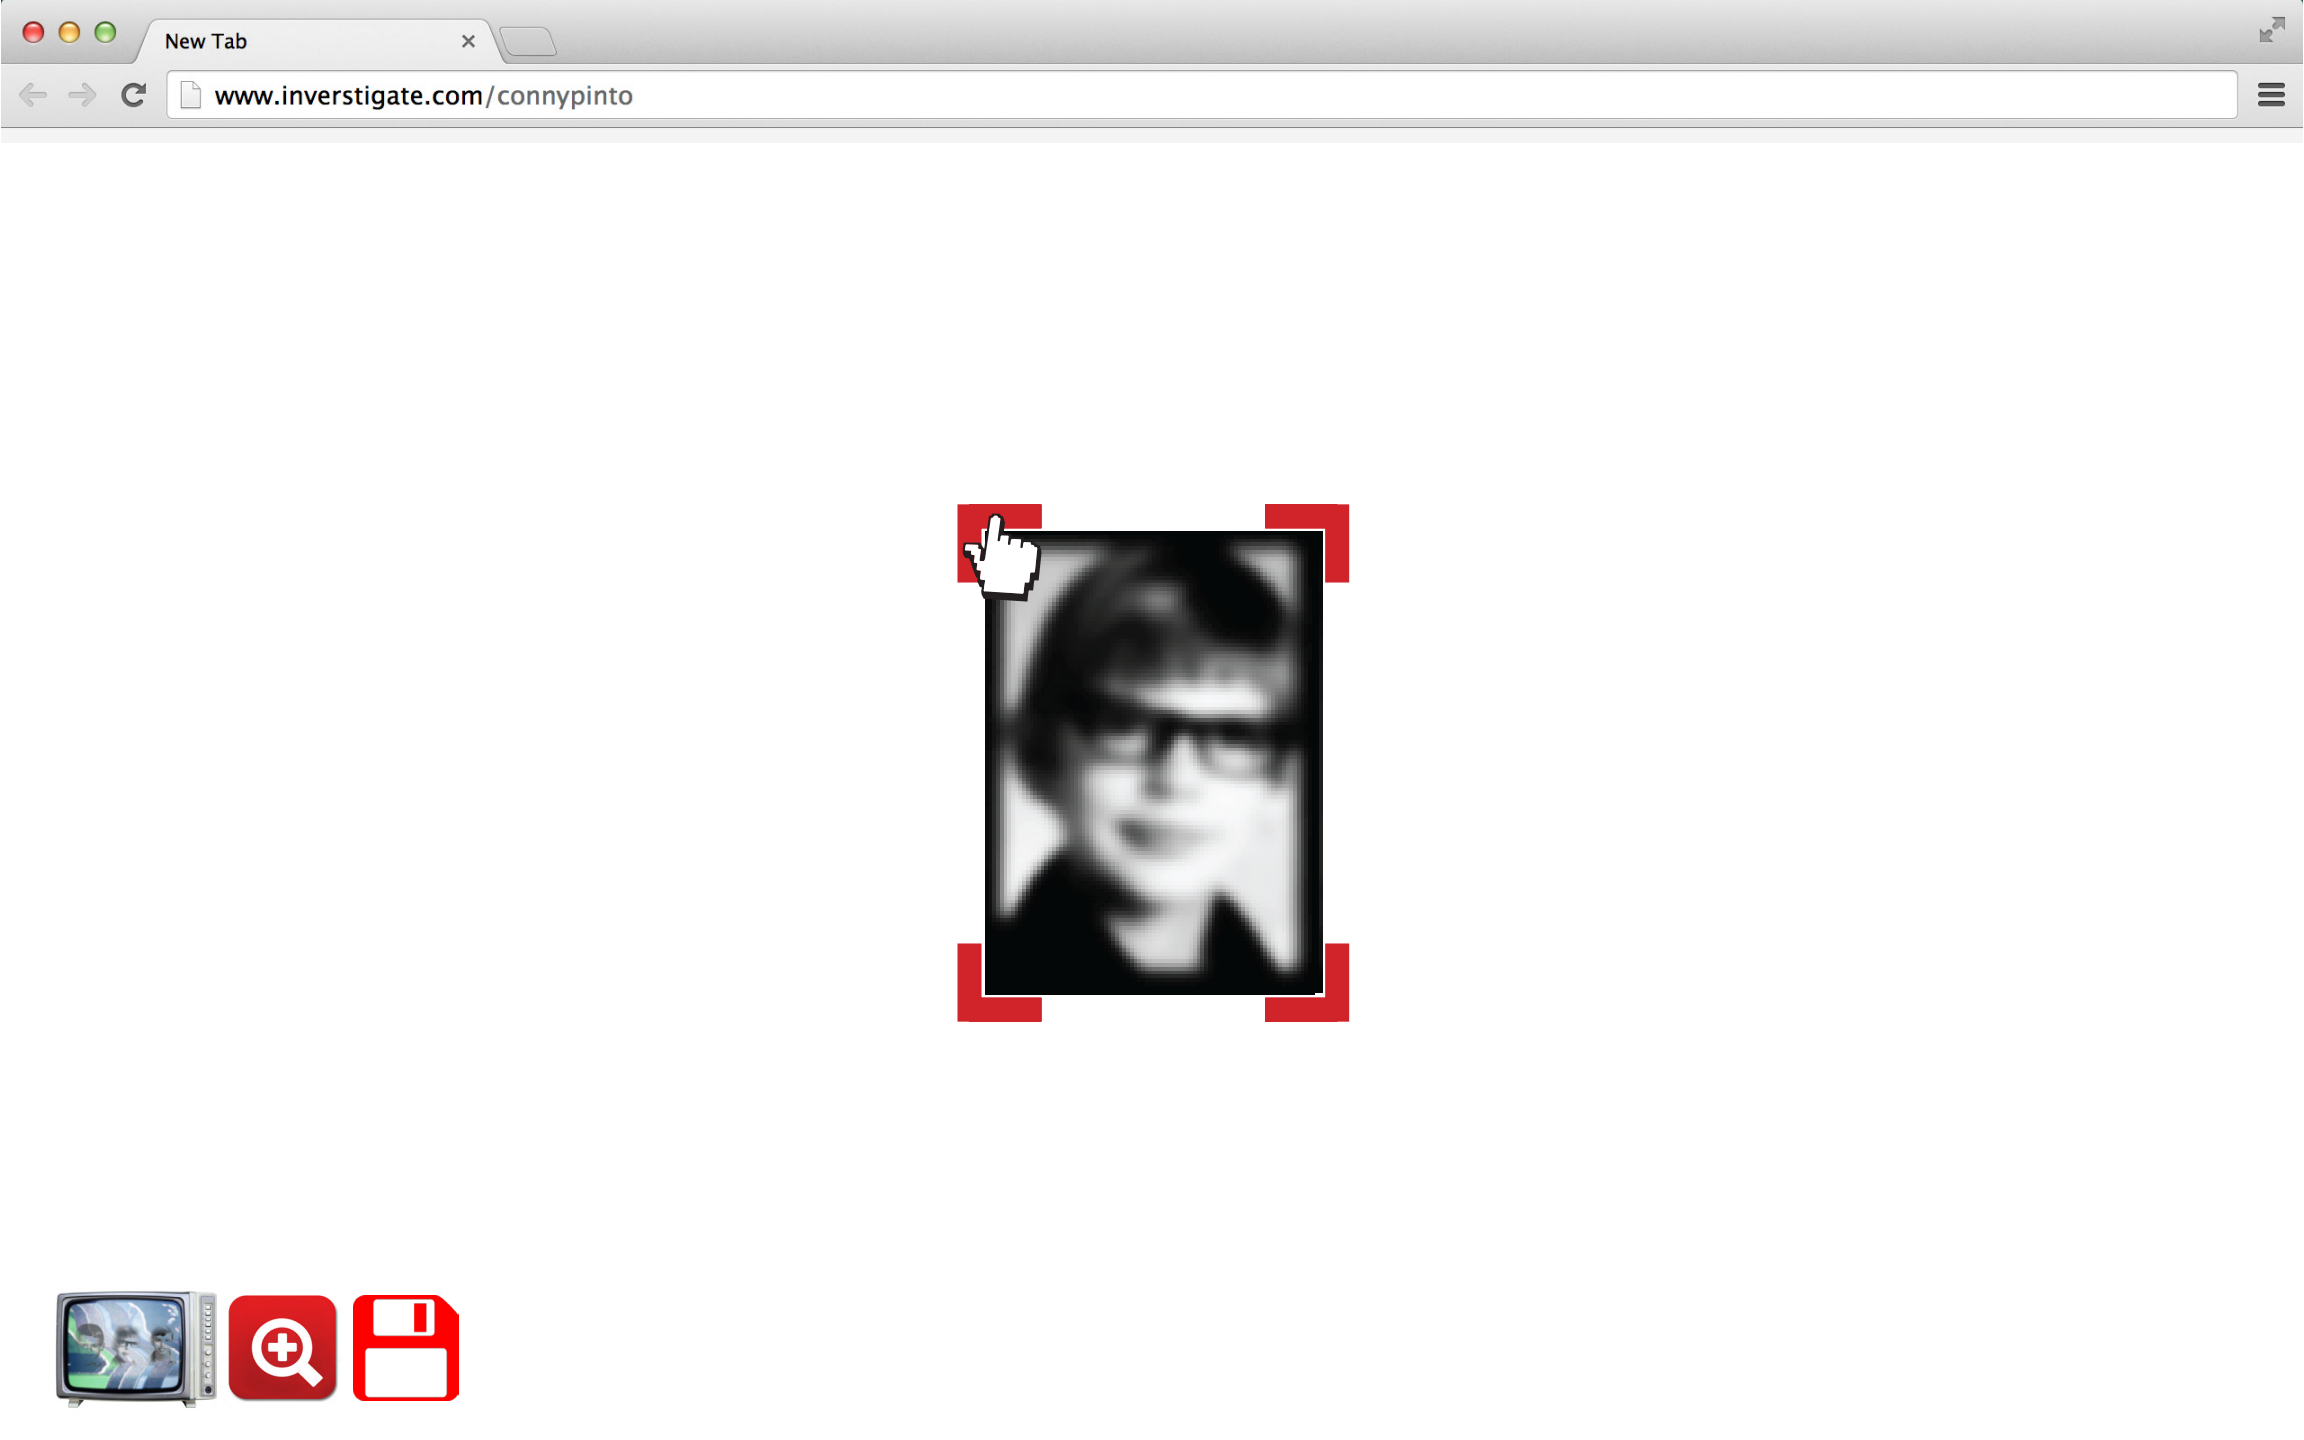

Born on May 21, 1960 in West Allis, Wisconsin, the first son of Joyce Annette and Lionel Herbert Dahmer.

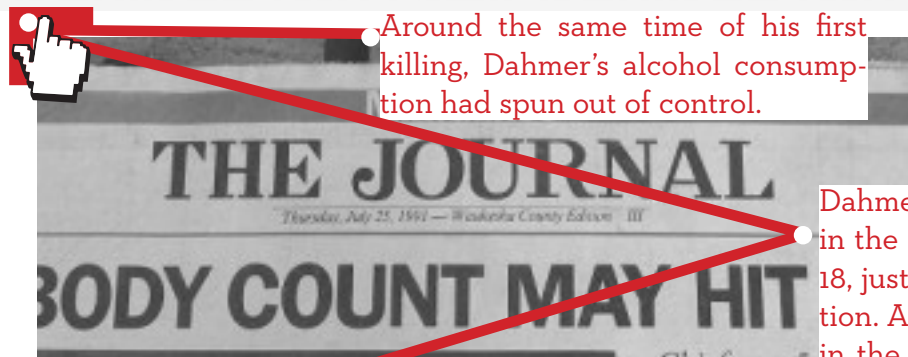

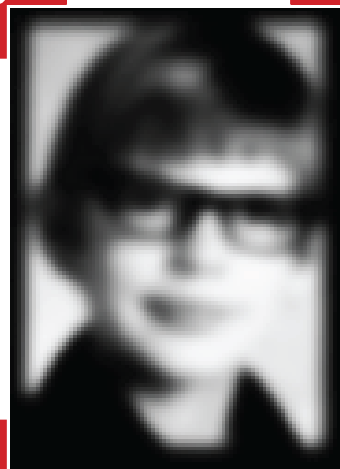

Dahmer committed his first murder in the summer of 1978, at the age of 18, just three weeks after his graduation. At the time, he was living alone in the family home: due to his parents' recent divorce

Around the same time of his first killing, Dahmer's alcohol consumption had spun out of control.

Dahmer committed his first murder in the summer of 1978, at the age of 18, just three weeks after his graduation. At the time, he was living alone in the family home: due to his parents' recent divorce

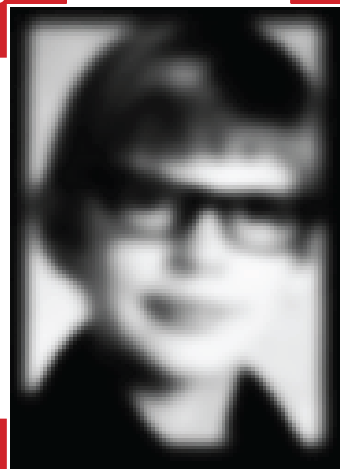

In September 1987, Dahmer took his second victim, Steven Toumi, whom he met in a gay bar. They checked into a hotel room and drank heavily, and by the following morning, Toumi was dead.

In September 1987, Dahmer took his second victim, Steven Toumi, whom he met in a gay bar. They checked into a hotel room and drank heavily, and by the following morning, Toumi was dead.

Over the 15 months that followed, up to the time of his capture, Dahmer's victim count accelerated; 12 more lives were taken using his modus operandi

Necrophilia is generally associated with issues of exercising control over victims. Dahmer developed these rituals as he progressed, experimenting with chemical means of disposal and he also consumed the flesh of his victims.

he was racially motivated, as most of his victims were African-American.

chemical means of disposal, and he also consumed the flesh of his victims.

Crude lobotomies, drilling into victim's skulls while they were still alive, injecting them with Muriatic acid to see whether he could extend his control to the living.
